

OUR ADMINISTRATIVE SUSTAINABILITY POLICY

We commit such as;

- Will take the necessary measures to prevent all forms of corruption and bribery by adopting sensitive, inclusive, participatory, accountable and transparent management principles at all levels,
 - will carry out our activities by taking decisions in compliance with national legislation and international norms within the framework of the rule of law,
 - In the light of science-based activities, we will make production performance and efficiency sustainable with new technologies and digitalization in every field,
 - will demonstrate a management approach that produces sustainable strategies and reliable solutions, taking into account the priorities and expectations of our stakeholders,
- as a DYO BOYA FABRİKALARI A.Ş. carries out production and sales activities
- in the Industrial, Automotive, Furniture, Marine, Construction Paints, Powder Coatings and Insulation sectors.
